

PRICE LIST

At brushed the team are trained to a very high standard and continue to receive up-to-date instruction. The latest cutting, colouring and perming techniques are a part of the commitment to you the client.

Only the best products available are used: Redken, Tigi, Ghd - all guaranteed to give the best results. It is appreciated that some clients have a preferred stylist. Please note, however, that all staff have been trained in the same techniques and are interchangeable: they are not offended when clients choose to move around.

brushed has a professional policy that dictates any new clients will receive full consultation before any service is undertaken.

TECHNICAL SERVICES

Perm Information

All new clients, or those requiring a change, are requested to book a FREE-OF-CHARGE perm consultation prior to their appointment. We ask that all clients inform their technician during consultation of any previous perms applied at home or in other salons. And of any medication as these may affect the results or condition of the hair. Failure to attend a consultation may result in your appointment being cancelled.

Colour Information

All new clients, or those requiring a change are requested to have a skin sensitivity test and to book a FREE-OF-CHARGE colour consultation prior to their appointment. We ask that all clients inform their technician during their consultation of any previous colours applied at home or in other salons, as these may affect the end-colour results or condition of the hair. Failure to attend a consultation may result in your appointment being cancelled.
